

# **Does PCI SSC provide a list of software vendors whose software development process(es) have been validated to the Secure SLC Standard?**

PCI SSC FAQ | Article 1544 | November 2021

---

Yes. Vendors whose software development practices have been validated to the Secure SLC Standard are added to the list of Secure SLC Qualified Vendors ([https://www.pcisecuritystandards.org/assessors\\_and\\_solutions/software\\_lifecycle?agree=true](https://www.pcisecuritystandards.org/assessors_and_solutions/software_lifecycle?agree=true)).
